Measure Installation Verification

I have installed qualifying product(s) and understand that the energy efficiency eligibility requirement for each product determines the rebate amount. The rebate amount cannot exceed the purchase price. I understand that the issuance of this rebate by the local utility is based solely on the value of the projected energy savings and in no way implies any ownership by the local utility of the products or equipment or makes any implied warranty of the products or their installation. **I am authorized to assign payment as specified below.**

Payment Information – All information is required for processing

1. The rebate check can be made payable and sent to the recipient below. **By signing this form, I acknowledge if I assign payment to my contractor I will not receive a rebate check directly;** my rebate amount has been figured into my contractor's job estimate.
2. Releasing payment does not exempt me from the program requirements outlined on my EnergySmart Commercial rebate application.
3. If the customer signs the rebate check over to the contractor, the contractor must show a reduction in the invoice. 1099 forms will be sent to the IRS and the customer for payments totaling more than \$600 per calendar year for businesses that are not corporations.
